BEST YEARS OF OUR LIVES

72

MODERN ROMANCE – DAVID JAMES – 1981

I ask you the questions but you tell me lies
'Cause all of the time, you're just full of surprise
Please tell me, please tell me if all this is true
'Cause deep down inside, all I wanted was you

Ohh, makes me wanna dance
Ohh, it's a new romance
Ohh, I look into your eyes CHORUS
Ohh, best years of our lives

When we first met, I could hardly believe
The things that would happen, and we could achieve
So let's be together for all of the time
And thank my good fortune that you are still mine

CHORUS
I ask you the questions but you tell me lies
'Cause all of the time, you're just full of surprise
And I can't understand why you tease me this way
My heads in a whirl and I just gotta say
